Re: Extension Request for the Submittal of a Interim Status Closure Plan for
Burlington Environmental Inc. (BE) facility at Pier 91 - WAD000812917

This correspondence is in response your letter to the Department of Ecology (Ecology) dated August 17, 1993. Within your letter you requested a time extension for the revisions to the interim status closure plan for the facility located at Pier 91.

The request for a time extension until September 13, 1993 is acceptable due to the extent of the additional information requested by Ecology.

If you have any questions or comments regarding these matters, please contact me at (206) 649-7280.
